Therefore, during this time period, we have modified and limited the content of the earnings release, compared to our historical reporting. See the Monthly Commentary at the end of the October 2023 release, issued November 17, 2023, for further discussion on the closing calendar conversion.

## **Monthly Commentary**

- During the month, we incurred \$722.1 million of net catastrophe losses, or 12.3 loss ratio points, related to severe storms primarily in Texas and the Midwest. In our Property business, we recorded a reinsurance recoverable of \$95.1 million, including losses and allocated loss adjustment expenses, under our per occurrence reinsurance contracts, which have a retention threshold of \$200 million. On a year-to-date basis as of May 31, 2024, we were close to reaching the annual retention thresholds under our 2024 catastrophe aggregate excess of loss contracts. Once the retention thresholds are exceeded, we have reinsurance coverage up to \$85 million for non-named storm property catastrophe losses.
