*Top Employers Institute recognizes Chiesi USA for the fifth year running*

**CARY, NORTH CAROLINA, January 30, 2020** – Chiesi USA, Inc. (key-A-zee) announced today that the company has been named as a Top Employer in the United States for the fifth consecutive year. The recognition is certified by the Top Employers Institute, a leading authority on identifying and measuring employment best practices worldwide.

“We take this recognition very seriously, since Chiesi’s culture and success are built by our amazing employees,” said Ken McBean, President and Chief Executive Officer of Chiesi USA. “We strive daily to maintain an environment where people feel respected as individuals, valued for their work and empowered to grow. We will continue to advance this commitment year after year.”

Top Employer certification requires an in-depth assessment of a company’s HR practices, including talent strategy, workforce planning, on-boarding, learning and development, performance management, leadership development, career and succession management, compensation and benefits, and overall corporate culture. Companies must re-apply for certification each year.

Alongside Chiesi USA, Chiesi Group earned its Top Employer in Italy certification for the 12th consecutive year and Top Employer in Europe certification for the eighth year. The company’s recognitions worldwide align with its corporate sustainability goals as a Certified B Corporation, a status obtained by the Group in 2019.
