
TC Energy provides Series 9 Preferred Shares conversion right and dividend rate notice

CALGARY, Alberta – **September 18, 2019** – News Release – TC Energy Corporation (TSX:TRP) (NYSE:TRP) (TC Energy) announced today that it does not intend to exercise its right to redeem its Cumulative Redeemable First Preferred Shares, Series 9 (Series 9 Shares) on October 30, 2019. As a result, subject to certain conditions, the holders of Series 9 Shares have the right to choose one of the following options with regard to their shares:

1. to retain any or all of their Series 9 Shares and continue to receive a fixed rate quarterly dividend; or
2. to convert, on a one-for-one basis, any or all of their Series 9 Shares into Cumulative Redeemable First Preferred Shares, Series 10 (Series 10 Shares) of TC Energy and receive a floating rate quarterly dividend.

The dividend rate applicable to the Series 9 Shares for the five-year period commencing on October 30, 2019 to, but excluding, October 30, 2024 will equal the Government of Canada five-year bond yield on October 1, 2019 plus 2.35 per cent. The dividend rate applicable to the Series 10 Shares for the three-month period commencing on October 30, 2019 to, but excluding, January 30, 2020 will equal the Government of Canada 90-day treasury bill rate on October 1, 2019 plus 2.35 per cent. Both rates will be calculated according to the terms of the prospectus supplement dated January 13, 2014 and announced by way of a news release on October 1, 2019.

Beneficial owners of Series 9 Shares who want to exercise their right of conversion should communicate as soon as possible with their broker or other nominee and ensure that they follow their instructions in order to meet the deadline to exercise such right, which is 5 p.m. (EDT) on October 15, 2019. Any notices received after this deadline will not be valid. As such, it is recommended that this be done well in advance of the deadline in order to provide the broker or other nominee with time to complete the necessary steps.

The foregoing conversions are subject to the conditions that: (i) if TC Energy determines that there would be less than one million Series 9 Shares outstanding after October 30, 2019, then all remaining Series 9 Shares will automatically be converted into Series 10 Shares on a one-for-one basis on October 30, 2019 and (ii) alternatively, if TC Energy determines that there would be less than one million Series 10 Shares outstanding after October 30, 2019, no Series 9 Shares will be converted into Series 10 Shares. In either case, TC Energy will issue a news release to that effect no later than October 23, 2019.

Beneficial owners of Series 9 Shares who do not provide notice or communicate with their broker or other nominee by the deadline will retain their Series 9 Shares and receive the new annual fixed dividend rate applicable to the Series 9 Shares, subject to the conditions stated above.

Holders of the Series 9 Shares and the Series 10 Shares will have the opportunity to convert their shares again on October 30, 2024 and every five years thereafter as long as the shares remain outstanding.

For more information on the terms of, and risks associated with an investment in the Series 9 Shares and the Series 10 Shares, please see the Corporation's prospectus supplement dated January 13, 2014 which is available on sedar.com or on the Corporation's website.
