RUBINACCI & 11 RAVENS CELEBRATE ONE YEAR OF COLLABORATION WITH  
EXPANDED GAME TABLE COLLECTION

*A Continued Exploration of Italian Heritage, Craftsmanship, and Contemporary Living*

Marking the one-year anniversary of their celebrated collaboration, Italian tailoring house Rubinacci and Los Angeles-based design studio 11 Ravens unveil an expanded collection of game tables - further evolving a partnership defined by craftsmanship, heritage, and design innovation.

Originally introduced at Rubinacci's Milan boutique during Salone del Mobile 2025, the inaugural collection brought together Italian sartorial tradition and sculptural American design. The debut featured a convertible Pool and Dining Table, Dining Chair, and a Cue Rack, each designed in close collaboration with Luca Rubinacci and inspired by the elegance of coastal Italy and the spirit of yachting culture.

Drawing from the great age of exploration, the collection reflects a sense of discovery - where fluid lines, refined materials, and subtle nautical references converge. Brass elements echo the curves of sailboats, while sculpted wood forms mirror the movement of the sea, grounding each piece in a narrative of craftsmanship and journey.

Rubinacci's tailoring heritage is woven throughout, with the integration of Loro Piana fabrics and sartorial detailing that translate the language of bespoke clothing into functional design. From herringbone textures to striped upholstery, each element reflects a shared commitment to precision, materiality, and enduring elegance.

The collection's debut was met with strong international acclaim, generating global press coverage and establishing a distinctive dialogue between fashion, furniture, and play.

One year later, Rubinacci and 11 Ravens introduce a comprehensive expansion of the collection, extending the original design language across a broader range of game tables and leisure pieces.

Each new design carries forward the defining elements of the collaboration - fluid silhouettes, tailored materiality, and a seamless balance between heritage and modern living.

At the core of the Rubinacci x 11 Ravens collaboration is a shared commitment to craftsmanship and customization. Each piece is handcrafted in Los Angeles and can be tailored across a wide range of materials, finishes, and specifications - mirroring Rubinacci's bespoke approach to tailoring.

What began as a singular statement has evolved into a complete collection - capable of shaping entire interiors with a cohesive and considered design language.

SALONE DEL MOBILE 2026

To celebrate the one-year anniversary and the unveiling of the expanded collection, Rubinacci and 11 Ravens invite guests to experience the collection in person at the Rubinacci boutique in Milan during Salone del Mobile 2026.

## ABOUT RUBINACCI

Founded in Naples in 1932 by Gennaro Rubinacci, Rubinacci is widely regarded as one of the defining houses of Neapolitan tailoring. From its earliest days, the brand reinterpreted traditional English elegance through a distinctly Italian lens - introducing a softer, more relaxed approach that would come to define modern menswear.

This philosophy extends beyond tailoring into a broader expression of lifestyle - one rooted in effortless sophistication, coastal influence, and a deep appreciation for craftsmanship.

Under the direction of Luca Rubinacci, the brand continues to evolve while remaining deeply connected to its heritage. His vision blends bespoke tradition with a contemporary sensibility, shaping a world that extends beyond clothing into a refined and considered way of living.

Today, Rubinacci represents a commitment to individuality, quality, and enduring style for discerning clients worldwide.
