

Traditional Staffing Services Fall Short

In today's competitive market, relying on traditional temp services can leave your operations lagging behind. These services often fail to deliver the consistency, quality, and efficiency your business needs to thrive.

Are these issues holding you back?

High Turnover Rates

Lack of Specialized Skills

Minimal Performance Accountability

One-Size-Fits-All Services

Traditional Staffing Agency VS The iJility Solution

- **Quick job placement**, but often without long-term success or retention.
- **General screening** that may not meet your specific operational needs.
- **Basic qualifications** are ensured, but not always a perfect skills match.
- **First-day check-in** but limited ongoing support or oversight.
- **Onsite payroll/HR issues** are handled reactively.
- **Hourly billing with mark-up**, adding uncertainty to labor costs.
- **Minimal accountability** for performance and results.
- **You manage employees**, including safety/OSHA compliance and oversight.
- **Limited focus on training** or operational integration.

- **Targeted job placement** that aligns with your specific workflow and long-term needs.
- **Tailored screening process** to ensure candidates match your exact operational specifications.
- **Skills-based placement** with an emphasis on industry expertise and efficiency.
- **Continuous, hands-on support** starting from day one and ongoing.
- **Onsite leadership** handles all payroll, HR, and workforce management issues seamlessly.
- **Cost Per Unit billing** for transparent, predictable labor costs that align with output.
- **Performance-driven accountability**, ensuring consistent results and efficiency.
- **iJility managed employees**, mitigating co-employment risks and improving operational oversight.
- **Employee training and SOP creation** tailored to your operation, boosting productivity.
- **Proactive safety programs**, with iJility maintaining OSHA compliance and minimizing risk.

Your business deserves more than a quick fix. Get a custom solution to optimize your workforce.
