LIVING WITH POMPE DISEASE

Patients First.

Patients are at the heart of everything we do. Our Patient & Professional Advocacy team collaborates with the patient community to ensure we are doing all that we can to help support people living with rare diseases.

A new story in
rare diseases is
unfolding.

A RARE COMPANY.

Amicus Therapeutics is a biotechnology company at the forefront of advanced therapies to treat a range of devastating rare and orphan diseases.

Our goal is to develop medicines that **fundamentally change people's lives**, and to do so with **extraordinary science**."
