

Lender Success Through Lendio

PAYCHECK PROTECTION PROGRAM

Over the course of four months from April - August 2020, millions of small business owners sought economic relief in the form of Paycheck Protection Program (PPP) loans due to COVID-19. During that time, 300+ lenders joined forces with Lendio to facilitate more than \$8 billion in PPP loan approvals. Here are some highlights from a few of those lenders.

The Small Business Administration (SBA) enabled lenders of various types to fund PPP loans directly through their

Loan Volume by Lender Type

system. This included traditional banks, credit unions, and non-bank lenders, and for the first time, fintech lenders. The breakdown below shows the PPP loan funding distribution through the Lendio platform in round 1, round 2, and over the entirety of the PPP across different types of financial institutions.

Round 2 Round 1 3.5b 2.5b 1.5b \$529,214,327 \$392,546,335 \$133,741,857 500m Non-Bank All Banks **Credit Unions** Non-Profit **Fintech**

Helping Americans

Through a United Effort

\$8 billion in PPP loan approvals isn't the work of a single company or lender. It is the product of tireless efforts of many dedicated institutions and employees helping business owners gain access to capital they so desperately need. As the pandemic and economic crisis continue, it's imperative that all of us remain united and work to support each other as we move forward into an uncertain future.

Small businesses are the backbone of our economy. The COVID-19 pandemic and resultant
