January 12, 2026

Dear SafeSpace Global Shareholder,

Thank you for your investment in **SafeSpace Global Corporation (OTCID: SSGC)**. Whether you've been with us since our Healthcare Integrated Technologies' days or joined us more recently, you are part of a transformational journey, and we want you to be informed every step of the way.

**A New Era of Shareholder Communication**

This is the first direct shareholder communication many of you are receiving from our executive team, and that changes today. As we scale toward our planned 2026 uplisting to a national securities exchange, transparent and regular communication with our shareholders is a top priority.

You'll now receive periodic updates on major milestones, partnership announcements, financial progress, and strategic initiatives directly from leadership.

*To ensure you continue receiving these important updates, we intend to also communicate with you via Email and SMS. We respect your time and inbox and will communicate meaningfully - not frequently- focusing on news that matters to your investment.*

**2025: A Breakout Year That Redefined Our Company**

I want to start by ensuring you understand the extraordinary momentum we built in 2025:

- ✓ **Rebranded to SafeSpace Global Corporation** – signaling our expansion from senior care into 3 additional verticals; education, transportation, and correctional facilities.
- ✓ **Kansas City Transit Partnership** – Selected by KCATA to deploy our AI safety technology across their bus fleet ahead of the FIFA World Cup 2026, with 650,000 visitors expected.
- ✓ **911inform Strategic Alliance** – Created a unified school safety ecosystem combining our AI weapons detection, facial recognition, and incident management with 911inform's patented emergency response platform, targeting 130,000+ U.S. schools and extending into healthcare, correctional, and government facilities.
- ✓ **Signed LOI with BMRT (Base Molecular Resonance™ Technologies) for Concealed Weapons Detection** – Signed a Letter of Intent that, subject to definitive agreements, will secure exclusive U.S. deployment rights for molecular-level weapons detection in schools and correctional facilities—a game-changing competitive advantage.
- ✓ **Expanded Healthcare Partnerships** – Signature HealthCARE extended our partnership, and Wayman Place adopted our non-wearable elopement detection technology, reinforcing our proven track record in senior care.
- ✓ **Investor Relations Partnership** – Engaged Harvest Communications to professionalize our shareholder engagement and corporate narrative as we advance toward uplisting.

These weren't just announcements—they represent validated market demand, recurring revenue streams, and a clear path to becoming the global leader in multimodal AI safety solutions.

## **Our 2026 Uplisting Timeline Remains Firmly On Track**

All required financial audits, governance implementations, and regulatory compliance work continue as scheduled. The partnerships and deployments we secured in 2025 provide the revenue visibility, market validation, and growth trajectory that institutional investors and exchange listing committees require.

What matters most is execution, and SafeSpace Global's operational momentum has never been stronger.

### **What Hasn't Changed: Our Mission and Momentum**

President and Chief Strategy Officer Dustin Hillis and I remain fully committed to our vision: making the world safer through advanced multimodal AI technology. Our technology works. Our partnerships are expanding. Our revenue is growing. Our team is executing.

The fundamentals that attracted you to SafeSpace Global as an investment are stronger today than ever before.

### **Join Us at the DealFlow Discovery Conference – January 28-29, 2026 in Atlantic City, NJ**

We encourage shareholders and prospective investors to attend the DealFlow Discovery conference, where our executive team will provide:

- Comprehensive operational and financial updates
- Detailed discussion of our partnership economics and deployment pipeline
- Our roadmap to uplisting and institutional readiness
- Direct Q&A access with leadership

**Commitment to Transparency**

You, as a shareholder, deserve clear, honest and regular communication from the company you've invested in.

Our investor relations team at Harvest Communications is available at [investors@safespaceglobal.ai](mailto:investors@safespaceglobal.ai) to address any questions.

**Looking Ahead: 2026 and Beyond**

The transformation we achieved in 2025, from a healthcare-focused company to a multi-vertical AI safety platform, positions us to capitalize on billions of dollars in market opportunity across education, transportation, senior care, correctional, and government facilities.

We have exclusive technology. We have Tier-1 partnerships. We have proven deployments. We have a clear path to uplisting.

Most importantly, we have shareholders like you who believe in SafeSpace Global's potential. We don't take that trust lightly.

Thank you for your investment, your patience as we've built this company, and your continued support as we execute on our vision. We're building something meaningful; technology that saves lives... and we're doing it the right way.
