Serving both adult and pediatric patients

\$87.8B

Total cancer related health care spending in the US

2 out of 10

Cancers are misdiagnosed

Average of up to

4%

savings of total healthcare spend with Accarent cancer related bundles

MULTI CANCER EARLY DETECTION TEST:

Galleri is the first-of-its-kind test that can detect a signal shared by more than 50 types of cancer with a single blood draw. Learn more and request the test at Galleri.com.

JOHNS HOPKINS WORK STRIDE:

A cancer navigation program developed by Johns Hopkins experts in oncology. Oncology Nurse Navigators guide individuals through their journey, offering personalized, one-on-one support and trusted educational content on topics related to screening risk reduction, diagnosis, treatment, working with cancer, caregiving and survivorship.

CANCER CARE BUNDLED PATHWAY

CANCER DIAGNOSIS AND RECOMMENDED TREATMENT PLANNING:

Designed to confirm a cancer diagnosis and provide a recommended treatment plan for adult and pediatric patients with a preliminary cancer diagnosis. The patient collaborates with a multi-disciplinary team to address their unique oncologic needs and receive a custom treatment plan to take home to their local oncologist or remain with Accarent's center of excellence for treatment.

- Medical Record & Pathology Review by Top Physician
- Consultation with Medical Oncologist or Hematologist Specializing in the member's Diagnosis
- Consultation with a surgical and radiation oncologist if needed
- Goals of care and advanced care planning
- Tumor board review, genetic risk screening, clinical trials screening
- Collaboration with an oncologist outside of the Accarent network if the member should choose a non-Accarent partner provider for treatment

SURGICAL SOLUTIONS

- Allogeneic, autologous and non-myeloablative bone marrow transplant
- Inpatient and outpatient thyroid and parathyroid surgeries

KEY DIFFERENTIATORS

- Center of Excellence Network established in conjunction with the Johns Hopkins Hospital and based on clinical quality standards and other criteria established by nationally recognized sources
- Accarent Health web platform, with transparent pricing, customized Procedure Information and Price Comparison packets, and streamlined claims administration and reporting.
- Dedicated Nurse Case Managers facilitate scheduling, communication with the center, medical records exchange, and member guidance, and care concierge provide travel assistance.
- Bundled rates for over 230 of the most complex inpatient and outpatient procedures and services to treat a wide variety of medical needs.
- We simplify the evaluation and comparison of healthcare quality and costs and offer the most transparent fee structure in the industry. All prices, including Accarent's administrative fee are built in to the bundled pricing listed on our website.
