Forward-Looking Statements:

This supplemental package contains various "forward-looking statements" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"), and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and Sun Communities, Inc. (the "Company") intends that such forward-looking statements will be subject to the safe harbors created thereby. For this purpose, any statements contained in this document that relate to expectations, beliefs, projections, future plans and strategies, trends or prospective events or developments, and similar expressions concerning matters that are not historical facts are deemed to be forward-looking statements. Words such as "forecasts," "intend," "goal," "estimate," "expect," "project," "projections," "plans," "predicts," "potential," "seeks," "anticipates," "should," "could," "may," "will," "designed to," "foreseeable future," "believe," "scheduled," "guidance," "target," and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these words. These forward-looking statements reflect the Company's current views with respect to future events and financial performance, but involve known and unknown risks and uncertainties, both general and specific to the matters discussed in this document some of which are beyond the Company's control. These risks and uncertainties may cause the Company's actual results to be materially different from any future results expressed or implied by such forward-looking statements. In addition to the risks described under "Risk Factors" contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2024 and in the Company's other filings with the Securities and Exchange Commission from time to time, such risks, uncertainties and other factors include those described under the heading "Cautionary Statement Regarding Forward-Looking Statements" in the accompanying press release.

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statement was made. The Company undertakes no obligation to publicly update or revise any forward-looking statements included or incorporated by reference into this document, whether as a result of new information, future events, changes in the Company's expectations, or otherwise, except as required by law.

Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, the Company cannot guarantee future results, levels of activity, performance, or achievements. All written and oral forward-looking statements attributable to the Company or persons acting on the Company's behalf are qualified in their entirety by these cautionary statements.

Note on Non-GAAP Measures:

This document includes information regarding various non-GAAP supplemental performance measures, including funds from operations ("FFO"), Core FFO, net operating income ("NOI"), earnings before interest, tax, depreciation and amortization ("EBITDA"), and Recurring EBITDA. For information on these non-GAAP measures, please refer to "Reconciliation of Net Loss Attributable to SUI Common Shareholders to Core FFO," "Reconciliation of Net Loss Attributable to SUI Common Shareholders to NOI," "Reconciliation of Net Loss Attributable to SUI Common Shareholders to Recurring EBITDA," and "Definitions and Notes."

Southfield, Michigan, May 5, 2025 – Sun Communities, Inc. (NYSE: SUI) (the "Company" or "SUI"), a real estate investment trust ("REIT") that owns and operates, or has an interest in, manufactured housing ("MH") and recreational vehicle ("RV") communities and marinas (collectively, the "properties"), today reported its first quarter results for 2025. In February 2025, the Company entered into an agreement to sell 100% of the Company's interest in its Safe Harbor Marinas business. Accordingly, the results of the Safe Harbor Marinas business, along with the related assets and liabilities included in the disposition, are presented as held for sale and as discontinued operations for all periods presented herein. The sale was substantially completed subsequent to the quarter ended March 31, 2025.

Financial Results for the Quarter Ended March 31, 2025

- For the quarter ended March 31, 2025, net loss from continuing operations was \$23.1 million, or \$0.19 per diluted share, compared to net loss from continuing operations of \$36.7 million, or \$0.31 per diluted share for the same period in 2024.

Non-GAAP Financial Measures

- **Core Funds from Operations ("Core FFO")** for the quarter ended March 31, 2025, was \$1.26 per common share and dilutive convertible securities ("Share"), as compared to \$1.19 for the same period in 2024.
- **Same Property Net Operating Income ("NOI")**
 - **North America Same Property NOI for MH and RV** increased by \$9.6 million, or 4.6%, for the quarter ended March 31, 2025, as compared to the corresponding period in 2024.
 - **UK Same Property NOI** decreased by \$0.6 million, or 5.4%, for the quarter ended March 31, 2025, as compared to the corresponding period in 2024.

"We recently marked a milestone for Sun, as we completed the sale of Safe Harbor as part of our long-term strategy to reduce leverage, increase financial and strategic flexibility and further simplify the business," said Gary A. Shiffman, Chairman and CEO. "With this transaction, we have repositioned the Company's balance sheet and are laser focused on our core business and delivering reliable earnings growth. We are encouraged by our operational focus as we implement efficiencies and enhanced revenue-driving strategies. These have already started to deliver results, as seen in our solid first quarter, with particularly strong performance in Manufactured Housing and ongoing progress in expense management."

Shiffman continued, "While the broader macro environment is seeing uncertainty, we are confident in our positioning and the resilience of our communities. The fundamentals driving demand remains intact, particularly around affordable housing and vacationing, and our markets remain supply constrained. Furthermore, with our financial flexibility and enhanced capital position, which allow us to invest in our growth, we are optimistic in our ability to create long-term value."

OPERATING HIGHLIGHTS

North America Portfolio Occupancy

- MH and annual RV sites were 98.0% occupied at March 31, 2025, as compared to 97.5% at March 31, 2024.
- During the quarter ended March 31, 2025, the number of MH and annual RV revenue producing sites increased by approximately 20 sites, as compared to an increase of approximately 210 sites during the corresponding period in 2024.

Same Property Results

For the properties owned and operated by the Company since at least January 1, 2024, excluding properties classified as discontinued operations, the following table reflects the percentage changes for the quarter ended March 31, 2025, as compared to the same period in 2024:

	Quarter Ended March 31, 2025			
	North America			UK
	MH	RV	Total	
Revenue	7.3 %	(2.0)%	4.4 %	0.2 %
Expense	2.8 %	5.5 %	4.0 %	3.8 %
NOI	8.9 %	(9.1)%	4.6 %	(5.4)%

North America Same Property adjusted blended occupancy for MH and RV increased by 150 basis points to 99.0% at March 31, 2025, from 97.5% at March 31, 2024.

INVESTMENT ACTIVITY

During the quarter ended March 31, 2025, the Company completed the following dispositions:

- As previously announced, in January 2025, a portfolio of RV properties for total cash consideration of \$92.9 million. The total consideration included proceeds from the disposition of four RV properties that were owned by the Company along with proceeds from the settlement of a developer note receivable of \$36.5 million pertaining to three additional developer-owned properties in which the Company had provided financing.
- In March 2025, a portfolio of three MH properties for total cash consideration of \$27.8 million.

Subsequent to the quarter ended March 31, 2025, the Company completed the following dispositions:

- In April 2025, a total of 123 marina properties for total cash consideration of \$5.25 billion. See "Balance Sheet, Capital Markets Activity and Other Items" below for additional information.

Refer to page 14 for additional details related to the Company's acquisition and disposition activity.

BALANCE SHEET, CAPITAL MARKETS ACTIVITY, AND OTHER ITEMS

As of March 31, 2025, the Company had \$7.4 billion in debt outstanding with a weighted average interest rate of 4.1% and a weighted average maturity of 5.9 years. At March 31, 2025, the Company's Net Debt to trailing twelve-month Recurring EBITDA ratio was 5.9 times.

Safe Harbor Sale

Subsequent to the quarter ended March 31, 2025, the Company completed the initial closing of its sale of the Safe Harbor Marinas business (the "Safe Harbor Sale"). The initial closing of the Safe Harbor Sale generated approximately \$5.25 billion of pre-tax cash proceeds, net of transaction costs, with an estimated book gain on sale of approximately \$1.4 billion. Pursuant to the terms of the transaction agreement, subsidiaries owning 15 marina properties representing approximately \$250.0 million of value (the "Delayed Consent Subsidiaries") were not part of the initial closing. The sales of those properties remain subject to the receipt of certain third-party consents, which may delay the timing of any such sale or may prevent any such property from being sold at all. The Company anticipates that the acquisitions of most or all of the Delayed Consent Subsidiaries will occur in the second quarter of 2025. The Company has begun to use the net cash proceeds to support a combination of debt reduction, distributions to shareholders, and reinvestment in the Company's core portfolio.

Accordingly, subsequent to the quarter ended March 31, 2025, the Company settled outstanding debt balances of \$1.6 billion under the Company's senior credit facility and \$740.0 million of secured mortgage debt, inclusive of prepayments costs. The Company also announced the planned redemption of \$950.0 million, inclusive of prepayment costs, in outstanding unsecured senior notes that is expected to occur on May 10, 2025. Furthermore, the Company allocated approximately \$1.0 billion into 1031 exchange escrow accounts to fund potential future MH and RV acquisitions.

Reporting Changes

As a result of the Safe Harbor Sale, we have revised the Company's reporting structure to three segments, which consist of (i) MH communities, (ii) RV communities, and (iii) communities in the United Kingdom ("UK"). The new structure removes the Marina business from the Company's operating segments as a result of its classification as a discontinued operation and reflects how the chief operating decision maker manages the business, makes operating decisions, allocates resources, and evaluates operating performance.

Service, retail, dining and entertainment revenues and expenses have been renamed as ancillary revenues and expenses to more appropriately reflect the nature of these activities for the Company's continuing operations, after reclassifying the Marina results to discontinued operations. There was no impact to prior period net income, stockholders equity', or cash flows due to the change in naming convention.

2025 Distributions

The Company's Board of Directors has authorized a one-time special cash distribution of \$4.00 per common share and unit, equating to approximately \$520.0 million. The distribution will be payable on May 22, 2025 to shareholders of record on May 14, 2025. The Company's Board of Directors also approved a quarterly distribution increase of 10.6%, to \$1.04 per common share and unit. The increase is expected to begin with the second quarter distribution that is anticipated to be paid in July 2025. While the Board of Directors has approved the new quarterly distribution policy, the amount of each quarterly distribution on the Company's common stock will be subject to approval by the Board of Directors.

Stock Repurchase Program

The Company's Board of Directors has authorized a stock repurchase program of up to \$1.0 billion of the Company's outstanding common stock. The stock repurchase program does not obligate the Company to acquire any particular amount of common stock, and the repurchase program may be suspended or discontinued at any time at the Company's discretion, through the expiration date of April 30, 2026.

2025 GUIDANCE

Following the substantial completion of the Safe Harbor Sale, the Company is establishing second quarter and full-year 2025 guidance for diluted EPS and Core FFO per Share as follows:

	Second Quarter Ending June 30,		Full Year Ending December 31, 2025	
	Low	High	Low	High
Diluted EPS attributable to the Consolidated Portfolio^(a)	\$ 11.25	\$ 11.33	\$ 12.62	\$ 12.82
Core FFO per Share attributable to the Consolidated Portfolio^{(a)(b)(c)}	\$ 1.62	\$ 1.70	\$ 6.43	\$ 6.63

^(a) The diluted share counts for the quarter ending June 30, 2025 and the year ending December 31, 2025 are estimated to be 132.4 million for each respective period.

^(b) No reconciliation of the forecasted range for Core FFO per share attributable to the Consolidated Portfolio is included in this release because we are unable to quantify certain amounts that would be required to be included in the reconciliation to the comparable GAAP financial measure without unreasonable efforts, particularly with respect to the allocations of itemized adjustments to the Consolidated Portfolio as the Safe Harbor Sale has closed on April 30, 2025, and we believe such reconciliation would imply a degree of precision that could be confusing or misleading to investors.

^(c) The Company's guidance translates forecasted results from operations in the UK using the relevant exchange rate provided in the table presented below. The impact of fluctuations in Canadian and Australian foreign currency rates on guidance are not material.

Currencies	Exchange Rates
U.S. dollar ("USD") / pound sterling ("GBP")	1.24
USD / Canadian dollar ("CAD")	0.70
USD / Australian dollar ("AUD")	0.62

- (b) Total North America Same Property results net \$90.5 million and \$94.5 million of utility revenue against the related utility expense in property operating expenses for 2024 results and 2025 guidance, respectively. Total UK Same Property results net \$17.5 million and \$19.2 million of utility revenue against the related utility expense in property operating expenses for 2024 results and 2025 guidance, respectively.
- (c) Service, Retail, dining, and entertainment NOI has been renamed as Ancillary NOI.
- (d) Brokerage commissions and other, net includes approximately \$18.0 million and \$13.9 million of business interruption income and \$9.5 million and \$13.5 million of income from nonconsolidated affiliates for full year 2024 results and 2025 guidance, respectively.
- (e) Includes realized contribution from marinas through the date of the Safe Harbor Sale and the expected contribution from the Delayed Consent Subsidiaries from the Safe Harbor Sale.

The estimates and assumptions presented above represent a range of possible outcomes and may differ materially from actual results. These estimates include contributions from all acquisitions, dispositions and capital markets activity completed through May 5, 2025, and the effect of the completion of the sale of the Delayed Consent Subsidiaries from the Safe Harbor Sale. These estimates exclude all other prospective acquisitions, dispositions and capital markets activity. The estimates and assumptions are forward-looking based on the Company's current assessment of economic and market conditions and are subject to the other risks outlined below under the caption Cautionary Statement Regarding Forward-Looking Statements.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This press release contains various "forward-looking statements" within the meaning of the Securities Act of 1933, as amended (the "Securities Act"), and the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the Company intends that such forward-looking statements will be subject to the safe harbors created thereby. For this purpose, any statements contained in this document that relate to expectations, beliefs, projections, future plans and strategies, trends or prospective events or developments, and similar expressions concerning matters that are not historical facts are deemed to be forward-looking statements. Words such as "forecasts," "intend," "goal," "estimate," "expect," "project," "projections," "plans," "predicts," "potential," "seeks," "anticipates," "should," "could," "may," "will," "designed to," "foreseeable future," "believe," "scheduled," "guidance," "target," and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these words. These forward-looking statements reflect the Company's current views with respect to future events and financial performance, but involve known and unknown risks, uncertainties, and other factors, both general and specific to the matters discussed in this document, some of which are beyond the Company's control. These risks, uncertainties, and other factors may cause the Company's actual results to be materially different from any future results expressed or implied by such forward-looking statements. In addition to the risks described under "Risk Factors" contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2024, and in the Company's other filings with the Securities and Exchange Commission, from time to time, such risks, uncertainties and other factors include, but are not limited to:

- The Company's liquidity and refinancing demands;
- The Company's ability to obtain or refinance maturing debt;
- The Company's ability to maintain compliance with covenants contained in its debt facilities and its unsecured notes;
- Availability of capital;
- General volatility of the capital markets and the market price of shares of the Company's capital stock;
- The risks associated with executing the redemption of the Company's unsecured notes;
- Increases in interest rates and operating costs, including insurance premiums and real estate taxes;
- Difficulties in the Company's ability to evaluate, finance, complete and integrate acquisitions, developments and expansions successfully;
- The ability of the Company to complete the sale of the remaining Safe Harbor properties that are subject to receipt of third-party consents on a timely basis or at all;
- The ability of the Company to realize the anticipated benefits of the Safe Harbor Sale, including with respect to tax strategies, or at all;
- The Company's succession plan for its CEO, which could impact the execution of the Company's strategic plan;
- Competitive market forces;
- The ability of purchasers of manufactured homes to obtain financing;
- The level of repossession of manufactured homes;
- The Company's ability to maintain effective internal control over financial reporting and disclosure controls and procedures;
- The Company's remediation plan and its ability to remediate the material weakness in its internal control over financial reporting;
- Expectations regarding the amount or frequency of impairment losses;
- Changes in general economic conditions, including inflation, deflation, energy costs, the real estate industry, the effects of tariffs or threats of tariffs, trade wars, immigration issues, supply chain disruptions, and the markets within which the Company operates;
- Changes in foreign currency exchange rates, including between the U.S. dollar and each of the Canadian dollar, Australian dollar, and pound sterling;
- The Company's ability to maintain its status as a REIT;
- Changes in real estate and zoning laws and regulations;
- The Company's ability to maintain rental rates and occupancy levels;
- Legislative or regulatory changes, including changes to laws governing the taxation of REITs;
- Outbreaks of disease and related restrictions on business operations;
- Risks related to natural disasters such as hurricanes, earthquakes, floods, droughts, and wildfires; and
- Litigation, judgments or settlements, including costs associated with prosecuting or defending claims and any adverse outcomes;

Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date the statement was made. The Company undertakes no obligation to publicly update or revise any forward-looking statements included or incorporated by reference into this document, whether as a result of new information, future events, changes in the Company's expectations or otherwise, except as required by law.

Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, the Company cannot guarantee future results, levels of activity, performance or achievements. All written and oral forward-looking statements attributable to the Company or persons acting on the Company's behalf are qualified in their entirety by these cautionary statements.

Definitions and Notes

Acquisition and Other Transaction Costs - In the Company's Reconciliation of Net Loss Attributable to SUI Common Shareholders to Core FFO on page 6, 'Acquisition and other transaction costs - continuing operations' represent (a) nonrecurring integration expenses associated with acquisitions during the quarters ended March 31, 2025 and 2024, (b) costs associated with potential acquisitions that will not close, (c) expenses incurred to bring recently acquired properties up to the Company's operating standards, including items such as tree trimming and painting costs that do not meet the Company's capitalization policy, and (d) other non-recurring transaction costs. Within this same reconciliation on page 6, 'Transaction costs - discontinued operations' represent other non-recurring transaction costs that are directly attributable to the Safe Harbor Sale.

Asset Impairments - In the Company's Consolidated Statements of Operations on page 5, the Company recorded asset impairment charges during the quarter ended March 31, 2025, which primarily consisted of aggregate charges of \$20.5 million related to pre-construction development costs at seven MH and RV properties for which the related development projects are no longer probable of being realized.

Capital Expenditures and Investment Activity - The Company classifies its investments in properties into the following categories:

- **Recurring Capital Expenditures** - Property recurring capital expenditures are necessary to maintain asset quality, including purchasing and replacing items used to operate the communities. Recurring capital expenditures at the Company's MH, RV, and UK properties include major road, driveway and pool improvements; clubhouse renovations; adding or replacing streetlights; playground equipment; signage; maintenance facilities; manager housing and property vehicles. The minimum capitalized amount is one thousand dollars.
- **Non-Recurring Capital Expenditures** - The following investment and reinvestment activities are non-recurring in nature:
 - **Lot Modifications** - consist of expenditures incurred to modify the foundational structures required to set a new home after a previous home has been removed. These expenditures are necessary to create a revenue stream from a new site renter and often improve the quality of the community. Other lot modification expenditures include land improvements added to annual RV sites to aid in the conversion of transient RV guests to annual contracts. See page 13 for move-out rates.
 - **Growth Projects** - consist of revenue-generating or expense-reducing activities at the properties. These include, but are not limited to, utility efficiency and renewable energy projects, site, or amenity upgrades, such as the addition of a garage or shed, and other special capital projects that substantiate an incremental rental increase.
 - **Rebranding** - includes new signage at the Company's RV communities and costs of building an RV mobile application and updated website.
 - **Acquisitions** - Total acquisition investments represent the purchase price paid for operating properties (detailed for the current calendar year on page 14), the purchase price paid for land parcels for future ground-up development and expansion activity, and any capital improvements identified during due diligence from the acquisition date through the third year of ownership needed to bring acquired properties up to the Company's operating standards.

Capital improvements subsequent to acquisition often require 24 to 36 months to complete after closing. At MH, RV, and UK properties, capital improvements include upgrading clubhouses; landscaping; new street lighting systems; new mail delivery systems; pool renovations including larger decks, heaters and furniture; new maintenance facilities; lot modifications; and new signage including main signs and internal road signs.

For the quarter ended March 31, 2025, the components of total acquisition investment are as follows, excluding discontinued operations (in millions):

	Quarter Ended March 31, 2025		
	MH and RV	UK	Total
Capital improvements to recent property acquisitions	\$ 2.5	\$ 1.4	\$ 3.9
Other acquisitions	1.0	—	1.0
Total Acquisition Investments	\$ 3.5	\$ 1.4	\$ 4.9

- **Expansions and Developments** - consist primarily of construction costs such as roads, activities, and amenities, and costs necessary to complete site improvements, such as driveways, sidewalks, and landscaping at the Company's MH, RV, and UK communities. Expenditures also include costs to rebuild after damage has been incurred at MH, RV, or UK properties, and research and development.

Assets Held for Sale and Discontinued Operations - In February 2025, we entered into the Safe Harbor Sale, which represents a strategic shift in operations that is expected to have a major effect on the Company's operations and financial results. Accordingly, the results of the Marina business and assets and liabilities included in the disposition are presented as held for sale and as discontinued operations for all periods presented herein.

Subsequent to the quarter ended March 31, 2025, the Company closed the Safe Harbor Sale, which generated pre-tax proceeds of approximately \$5.25 billion, net of transaction and employee separation costs. The transfer of subsidiaries owning approximately 15 of Safe Harbor's properties ("the Delayed Consent Subsidiaries") with an aggregate agreed value of approximately \$250.0 million is further subject to certain third-party consents and the Delayed Consent Subsidiaries therefore may be transferred in one or more subsequent closings. The assets and liabilities of Safe Harbor Marinas are presented as "Held for sale" and its operations and cash flows are presented as discontinued operations.

⁽²⁾ During the quarter ended March 31, 2025, we recorded a contingent consideration expense of \$14.6 million related to a tax protection agreement that we entered into with former owners of certain Marina properties at the time of acquisition. The tax protection agreement stipulates that we indemnify those owners for certain tax obligations incurred related to the sale of certain Marina properties. As a result of the Safe Harbor Sale, we concluded that our tax liability to the former owners was probable of being realized and estimable.

Other Assets Held for Sale - In March 2025, we reached an agreement to sell one MH development property for a sale price of \$40.0 million. As a result, the carrying value of total non-financial assets of \$35.9 million was reclassified from Investment property, net to Assets held for sale and discontinued operations, net as of March 31, 2025.

Enterprise Value - Equals total equity market capitalization, plus total indebtedness reported on the Company's balance sheet and less unrestricted cash and cash equivalents.

Same Property - The Company defines Same Properties as those the Company has owned and operated continuously since at least January 1, 2024. Same properties exclude ground-up development properties, acquired properties, properties classified as discontinued operations, and properties sold after December 31, 2023. The Same Property data may change from time-to-time depending on acquisitions, dispositions, management discretion, significant transactions or unique situations.

Secured borrowings on collateralized receivables - This is a transferred asset transaction which has been classified as collateralized receivables and the cash received from this transaction has been classified as secured borrowings. The interest income and interest expense accrue in equal amounts. The Company has elected to record the collateralized receivables and secured borrowings at fair value under ASC 820, "*Fair Value Measurements and Disclosures*." As a result, the balance of collateralized receivables and related secured borrowings are net of fair value adjustments.

Securities - The Company had the following securities outstanding as of March 31, 2025:

Non-GAAP Supplemental Measures

Investors and analysts following the real estate industry use non-GAAP supplemental performance measures, including net operating income ("NOI"), earnings before interest, tax, depreciation, and amortization ("EBITDA") and funds from operations ("FFO") to assess REITs. The Company believes that NOI, EBITDA, and FFO are appropriate measures given their wide use by and relevance to investors and analysts. Additionally, NOI, EBITDA, and FFO are commonly used in various ratios, pricing multiples, yields and returns and valuation calculations used to measure financial position, performance, and value.

NOI provides a measure of rental operations that does not factor in depreciation, amortization and non-property specific expenses such as general and administrative expenses.

EBITDA provides a further measure to evaluate the Company's ability to incur and service debt; EBITDA also provides further measures to evaluate the Company's ability to fund dividends and other cash needs.

FFO, reflecting the assumption that real estate values rise or fall with market conditions, principally adjusts for the effects of GAAP depreciation and amortization of real estate assets.

• Net Operating Income ("NOI")

- **Total Portfolio NOI** - The Company calculates NOI by subtracting property operating expenses and real estate taxes from operating property revenues. NOI is a non-GAAP financial measure that the Company believes is helpful to investors as a supplemental measure of operating performance because it is an indicator of the return on property investment and provides a method of comparing property performance over time. The Company uses NOI as a key measure when evaluating performance and growth of particular properties and / or groups of properties. The principal limitation of NOI is that it excludes depreciation, amortization, interest expense, and non-property specific expenses such as general and administrative expenses, all of which are significant costs. Therefore, NOI is a measure of the operating performance of the properties of the Company rather than of the Company overall. The Company believes that NOI provides enhanced comparability for investor evaluation of property performance and growth over time.

The Company believes that GAAP net income (loss) is the most directly comparable measure to NOI. NOI should not be considered to be an alternative to GAAP net income (loss) as an indication of the Company's financial performance or GAAP net cash provided by operating activities as a measure of the Company's liquidity; nor is it indicative of funds available for the Company's cash needs, including its ability to make cash distributions. Because of the inclusion of items such as interest, depreciation, and amortization, the use of GAAP net income (loss) as a performance measure is limited as these items may not accurately reflect the actual change in market value of a property, in the case of depreciation and in the case of interest, may not necessarily be linked to the operating performance of a real estate asset, as it is often incurred at a parent company level and not at a property level.

- **Same Property NOI** - This is a key management tool used when evaluating performance and growth of the Company's Same Property portfolio. The Company believes that Same Property NOI is helpful to investors as a supplemental comparative performance measure of the income generated from the Same property portfolio from one period to the next. Same Property NOI does not include the revenues and expenses related to ancillary activities at the properties.
- **Earnings before interest, tax, depreciation and amortization ("EBITDA")**
 - **EBITDAre** - Nareit refers to EBITDA as "EBITDAre" and calculates it as GAAP net income (loss), plus interest expense, plus income tax expense, plus depreciation and amortization, plus or minus losses or gains on the disposition of depreciated property (including losses or gains on change of control), plus impairment write-downs of depreciated property and of investments in nonconsolidated affiliates caused by a decrease in value of depreciated property in the affiliate, and adjustments to reflect the entity's share of EBITDAre of nonconsolidated affiliates. EBITDAre is a non-GAAP financial measure that the Company uses to evaluate its ability to incur and service debt, fund dividends and other cash needs, and cover fixed costs. Investors utilize EBITDAre as a supplemental measure to evaluate and compare investment quality and enterprise value of REITs.
 - **Recurring EBITDA** - The Company also uses EBITDAre excluding certain gain and loss items that management considers unrelated to measurement of the Company's performance on a basis that is independent of capital structure ("Recurring EBITDA"). The Company believes that GAAP net income (loss) is the most directly comparable measure to EBITDAre. EBITDAre is not intended to be used as a measure of the Company's cash generated by operations or its dividend-paying capacity, and should therefore not replace GAAP net income (loss) as an indication of the Company's financial performance or GAAP cash flow provided by / used for operating, investing, and financing activities as measures of liquidity.
- **Funds from Operations ("FFO")**
 - **FFO** - Nareit defines FFO as GAAP net income (loss), excluding gains (or losses) from sales of certain real estate assets, plus real estate related depreciation and amortization, impairments of certain real estate assets and investments, and after adjustments for nonconsolidated partnerships and joint ventures. FFO is a non-GAAP financial measure that management believes is a useful supplemental measure of the Company's operating performance. By excluding gains and losses related to sales of previously depreciated operating real estate assets, real estate related impairment, and real estate asset depreciation and amortization (which can vary among owners of identical assets in similar condition based on historical cost accounting and useful life estimates), FFO provides a performance measure that, when compared period-over-period, reflects the impact to operations from trends in occupancy rates, rental rates and operating costs, providing perspective not readily apparent from GAAP net income (loss). Management believes the use of FFO has been beneficial in improving the understanding of operating results of REITs among the investing public and making comparisons of REIT operating results more meaningful.
 - **Core FFO** - In addition to FFO, the Company uses FFO excluding certain gain and loss items that management considers unrelated to the operational and financial performance of the Company's core business ("Core FFO"). The Company believes that Core FFO provides enhanced comparability for investor evaluations of period-over-period results. The Company believes that GAAP net income (loss) is the most directly comparable measure to FFO. The principal limitation of FFO is that it does not replace GAAP net income (loss) as a financial performance measure or GAAP cash flow from operating activities as a measure of the Company's liquidity. Because FFO excludes significant economic components of GAAP net income (loss) including depreciation and amortization, FFO should be used as a supplement to GAAP net income (loss) and not as an alternative to it. Furthermore, FFO is not intended as a measure of a REIT's ability to meet debt principal repayments and other cash requirements, nor as a measure of working capital. FFO is calculated in accordance with the Company's interpretation of standards established by Nareit, which may not be comparable to FFO reported by other REITs that interpret the Nareit definition differently.
