

LIVERAMP ANNOUNCES RESULTS FOR FIRST QUARTER FY25

Revenue up 14% year-over-year

Second Consecutive Quarter of Double-Digit Revenue Growth

Raises Fiscal 2025 Revenue and Operating Income Guidance

SAN FRANCISCO, Calif., August 7, 2024 — [LiveRamp®](#) (NYSE: RAMP), the leading data collaboration platform, today announced its financial results for the fiscal 2025 first quarter ended June 30, 2024.

Q1 Financial Highlights¹

- Total revenue was \$176 million, up 14%.
- Subscription revenue was \$135 million, up 11%.
- Marketplace & Other revenue was \$41 million, up 28%.
- GAAP gross profit was \$124 million, up 15%. GAAP gross margin was stable at 71%. Non-GAAP gross profit was \$130 million, up 15%. Non-GAAP gross margin expanded by 1 percentage point to 74%.
- GAAP operating loss was \$5 million compared to income of \$2 million. GAAP operating margin was negative 3% compared to 1%. Non-GAAP operating income was \$27 million compared to \$21 million. Non-GAAP operating margin expanded by 2 percentage points to 15%.
- GAAP diluted loss per share was \$0.11 and non-GAAP diluted earnings per share was \$0.35.
- Net cash used in operating activities was \$9 million compared to net cash provided by operating activities of \$26 million.
- In the first quarter the company repurchased approximately 499,000 shares for \$16 million.

A reconciliation between GAAP and non-GAAP results is provided in the schedules in this press release.

Commenting on the results, CEO Scott Howe said, *“We posted double-digit growth for a second consecutive quarter in both revenue and ARR, and revenue and operating income again exceeded our expectations. Our Data Collaboration Platform is well-positioned for growth, benefiting from multiple industry megatrends — including the shift to cloud computing, the proliferation of AI tools in marketing, growth in Commerce Media and CTV platforms, and the ongoing move to authenticated addressability.”*

¹ Unless otherwise indicated, all comparisons are to the prior year period.

GAAP and Non-GAAP Results

The following table summarizes the Company's financial results for the fiscal 2025 first quarter ended June 30, 2024 (\$ in millions, except per share amounts):

	<u>GAAP</u>		<u>Non-GAAP</u>	
	<u>Q1 FY25</u>	<u>Q1 FY24</u>	<u>Q1 FY25</u>	<u>Q1 FY24</u>
Subscription revenue	\$135	\$122	—	—
YoY change %	11%	5%	—	—
Marketplace & Other revenue	\$41	\$32	—	—
YoY change %	28%	21%	—	—
Total revenue	\$176	\$154	—	—
YoY change %	14%	8%	—	—
 Gross profit	 \$124	 \$108	 \$130	 \$112
% Gross margin	71%	70%	74%	73%
YoY change, pts	0 pts	(1 pt)	1 pt	(2 pts)

Totals and year-over-year changes may not reconcile due to rounding.

A detailed discussion of our non-GAAP financial measures and a reconciliation between GAAP and non-GAAP results is provided in the schedules in this press release.

Additional Business Highlights & Metrics

- In April 2024 we released a new study, "Data Collaboration Fuels Revenue Growth," evaluating how business leaders from a variety of sectors are using data collaboration to enable a wide range of revenue-driving use cases across their organizations and between ecosystem partners. This LiveRamp-commissioned study, conducted by Forrester Consulting, reveals that 93% of respondents agree that improved data collaboration is critical to driving improvements in customer loyalty, data quality, regulatory compliance, and more ([additional information](#)).
- In June 2024 we announced that our identity capabilities are now interoperable with Nielsen. Marketers can now seamlessly connect first- and third-party data sources to Nielsen via LiveRamp, which enables audiences to be planned and measured across platforms by leveraging

Nielsen ONE Ads, Nielsen's planning suite, and Nielsen's Data Driven Linear solutions ([additional information](#)).

- In July 2024 we announced that the integration of our Authenticated Traffic Solution (ATS) with Yahoo ConnectID, Yahoo DSP's cookieless identity solution, is fully available for publishers. Yahoo DSP and LiveRamp publishers are now able to leverage Yahoo ConnectID and ATS to unlock additional addressable demand ([additional information](#)).
- ATS is a fully scaled solution that connects publisher and marketer data to better personalize and measure advertising on authenticated inventory using our RampID. Marketers can achieve better advertising performance with RampID powered by ATS than they can with third-party cookies alone. In a recently published case study, Indeed, the leading online job posting site, used RampID powered by ATS to achieve a 54% improvement in its re-targeting audience and a 20% increase in response rates ([additional information](#)).
- LiveRamp ended the quarter with 115 customers whose annualized subscription revenue exceeds \$1 million, compared to 96 in the prior year period.
- LiveRamp ended the quarter with 900 direct subscription customers, compared to 915 in the prior year period.
- Subscription net retention was 105% and platform net retention was 108%.
- Annual recurring revenue (ARR), which is the last month of the quarter fixed subscription revenue annualized, was \$478 million, up 12% compared to the prior year period.
- Current remaining performance obligations (CRPO), which is contracted and committed revenue expected to be recognized over the next 12 months, was \$398 million, up 13% compared to the prior year period.

Financial Outlook

LiveRamp's non-GAAP operating income guidance excludes the impact of non-cash stock compensation, purchased intangible asset amortization, and restructuring and related charges.

For the second quarter of fiscal 2025, LiveRamp expects to report:

- Revenue of \$176 million, an increase of 10%
- GAAP operating loss of (\$3) million
- Non-GAAP operating income of \$31 million

For fiscal 2025, LiveRamp increases its guidance and expects to report:

- Revenue of between \$715 million and \$735 million, an increase of between 8% and 11%
- GAAP operating income (loss) of between (\$2) million and \$2 million
- Non-GAAP operating income of between \$127 million and \$131 million

Conference Call

LiveRamp will hold a conference call today at 1:30 p.m. PT (4:30 p.m. ET) to further discuss this information. Interested parties are invited to listen to a webcast of the conference, which can be accessed on LiveRamp's [investor site](#). A slide presentation will be referenced during the call and is available [here](#).

About LiveRamp

LiveRamp is a global technology company that helps companies build enduring brand and business value by collaborating responsibly with data. A groundbreaking leader in consumer privacy, data ethics and foundational identity, LiveRamp offers a connected customer view with clarity and context while protecting brand and consumer trust. Our best-in-class enterprise platform enables data collaboration, where companies can share first-party consumer data with trusted business partners securely and in a privacy conscious manner. We offer flexibility to collaborate wherever data lives to support a wide range of data collaboration use cases — within organizations, between brands, and across our global network of premier partners. Global innovators, from iconic consumer brands and tech platforms to retailers, financial services, and healthcare leaders, turn to LiveRamp to deepen customer engagement and loyalty, activate new partnerships, and maximize the value of their first-party data while staying on the forefront of rapidly evolving compliance and privacy requirements. LiveRamp is based in San Francisco, California with offices worldwide. Learn more at [LiveRamp.com](#).

Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995, as amended (the “PSLRA”). These statements, which are not statements of historical fact, may contain estimates, assumptions, projections and/or expectations regarding the Company’s financial position, results of operations for fiscal 2025 and beyond, market position, product development, growth opportunities, economic conditions, and other similar forecasts and statements of expectation. Forward-looking statements are often identified by words or phrases such as “anticipate,” “estimate,” “plan,” “expect,” “believe,” “intend,” “foresee,” or the negative of these terms or other similar variations thereof.

These forward-looking statements are not guarantees of future performance and are subject to a number of factors and uncertainties that could cause the Company’s actual results and experiences to differ materially from the anticipated results and expectations expressed in the forward-looking statements.

Among the factors that may cause actual results and expectations to differ from anticipated results and expectations expressed in forward-looking statements are uncertainties related to rising interest rates, cost increases, the possibility of a recession, general inflationary pressure, geo-political circumstances that could result in increased economic uncertainties and the associated impacts of these potential events on our suppliers, customers and partners; the Company’s dependence upon customer renewals; new customer additions and upsell within our subscription business; our reliance upon partners, including data suppliers; competition; rapidly changing technology’s impact on our products and services; the risk that we fail to realize the potential benefits of or have difficulty integrating Habu; and attracting, motivating and retaining talent. Additional risks include maintaining our culture and our ability to innovate and evolve while operating in a hybrid work environment, with some employees working remotely at least some of the time within a rapidly changing industry, while also avoiding disruption from reductions in our current workforce as well as disruptions resulting from acquisition, divestiture and other activities affecting our workforce. Our global workforce strategy could possibly encounter difficulty and not be as beneficial as planned. Our international operations are also subject to risks, including the performance of third parties as well as impacts from war and civil unrest, that may harm the Company’s business. The risk of a

significant breach of the confidentiality of the information or the security of our or our customers', suppliers', or other partners' data and/or computer systems, or the risk that our current insurance coverage may not be adequate for such a breach, that an insurer might deny coverage for a claim or that such insurance will continue to be available to us on commercially reasonable terms, or at all, could be detrimental to our business, reputation and results of operations. Other business risks include unfavorable publicity and negative public perception about our industry; interruptions or delays in service from data center or cloud hosting vendors we rely upon; and our dependence on the continued availability of third-party data hosting and transmission services. Our clients' ability to use data on our platform could be restricted if the industry's use of third-party cookies and tracking technology declines due to technology platform changes, regulation or increased user controls. Changes in regulations and legislation relating to information collection and use represents a risk, as well as changes in tax laws and regulations that are applied to our customers which could cause enterprise software budget tightening. In addition, third parties may claim that we are infringing their intellectual property or may infringe our intellectual property which could result in competitive injury and / or the incurrence of significant costs and draining of our resources.

For a discussion of these and other risks and uncertainties that could affect LiveRamp's business, reputation, results of operation, financial condition and stock price, please refer to LiveRamp's filings with the U.S. Securities and Exchange Commission, including the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections of LiveRamp's most recently filed Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and subsequent filings.

The financial information set forth in this press release reflects estimates based on information available at this time.

LiveRamp assumes no obligation and does not currently intend to update these forward-looking statements.

(1) This presentation includes non-GAAP measures. Our non-GAAP measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures, and should be read only in conjunction with our consolidated financial statements prepared in accordance with GAAP. For a detailed explanation of the adjustments made to comparable GAAP measures, the reasons why management uses these measures and the material limitations on the usefulness of these measures, please see Appendix A.

(2) Income taxes were calculated by applying the estimated annual effective tax rate to year-to-date pretax income or loss and adjusting for discrete tax items in the period. The differences between our GAAP and non-GAAP effective tax rates were primarily due to the net tax effects of the excluded items, coupled with larger pre-tax losses for GAAP purposes versus smaller pre-tax losses or income for non-GAAP purposes.

APPENDIX A
LIVERAMP HOLDINGS, INC. AND SUBSIDIARIES
Q1 FISCAL 2025 FINANCIAL RESULTS
EXPLANATION OF NON-GAAP MEASURES AND OTHER KEY METRICS

To supplement our financial results, we use non-GAAP measures which exclude certain acquisition related expenses, non-cash stock compensation and restructuring charges. We believe these measures are helpful in understanding our past performance and our future results. Our non-GAAP financial measures and schedules are not meant to be considered in isolation or as a substitute for comparable GAAP measures and should be read only in conjunction with our consolidated GAAP financial statements. Our management regularly uses these non-GAAP financial measures internally to understand, manage and evaluate our business and to make operating decisions. These measures are among the primary factors management uses in planning for and forecasting future periods. Compensation of our executives is also based in part on the performance of our business based on these non-GAAP measures.

Our non-GAAP financial measures, including non-GAAP earnings (loss) per share, income (loss) from operations and adjusted EBITDA reflect adjustments based on the following items, as well as the related income tax effects when applicable:

Purchased intangible asset amortization: We incur amortization of purchased intangibles in connection with our acquisitions. Purchased intangibles include (i) developed technology, (ii) customer and publisher relationships, and (iii) trade names. We expect to amortize for accounting purposes the fair value of the purchased intangibles based on the pattern in which the economic benefits of the intangible assets will be consumed as revenue is generated. Although the intangible assets generate revenue for us, we exclude this item because this expense is non-cash in nature and because we believe the non-GAAP financial measures excluding this item provide meaningful supplemental information regarding our operational performance.

Non-cash stock compensation: Non-cash stock compensation consists of charges for associate restricted stock units, performance shares and stock options in accordance with current GAAP related to stock-based compensation including expense associated with stock-based compensation related to unvested options assumed in connection with our acquisitions. As we apply stock-based compensation standards, we believe that it is useful to investors to understand the impact of the application of these standards to our operational performance. Although stock-based compensation expense is calculated in accordance with current GAAP and constitutes an ongoing and recurring expense, such expense is excluded from non-GAAP results because it is not an expense that typically requires or will require cash settlement by us and because such expense is not used by us to assess the core profitability of our business operations.

Restructuring charges: During the past several years, we have initiated certain restructuring activities in order to align our costs in connection with both our operating plans and our business strategies based on then-current economic conditions. As a result, we recognized costs related to termination benefits for employees whose positions were eliminated, lease and other contract termination charges, and asset impairments. These items, as well as third party expenses associated with business acquisitions in the current year, reported as gains, losses, and other items, net, are excluded from non-GAAP results because such amounts are not used by us to assess the core profitability of our business operations.

Transformation costs: In previous years, we incurred significant expenses to separate the financial statements of our operating segments, with particular focus on segment-level balance sheets, and to evaluate portfolio priorities. Our criteria for excluding transformation expenses from our non-GAAP measures is as follows: 1) projects are discrete in nature; 2) excluded expenses consist only of third-party consulting fees that we would not incur otherwise; and 3) we do not exclude employee related expenses or other costs associated with the ongoing operations of our business. We substantially completed those projects during the third quarter of fiscal year 2018. Beginning in the fourth quarter of fiscal 2018, and through most of fiscal 2019, we incurred transaction support expenses and system separation costs related to the Company's announced evaluation of strategic options for its Marketing Solutions (AMS) business. In the first and second quarters of fiscal 2021 in response to the potential COVID-19 pandemic impact on our business and again during fiscal 2023 in response to macroeconomic conditions, we incurred significant costs associated with the assessment of strategic and operating plans, including our long-term location strategy, and assistance in implementing the restructuring activities as a result of this assessment. Our criteria for excluding these costs are the same. We believe excluding these items from our non-GAAP financial measures is useful for investors and provides meaningful supplemental information.

Our non-GAAP financial schedules are:

Non-GAAP EPS, Non-GAAP Income from Operations, and Non-GAAP expenses: Our Non-GAAP earnings per share, Non-GAAP income from operations, and Non-GAAP expenses reflect adjustments as described above, as well as the related tax effects where applicable.

Adjusted EBITDA: Adjusted EBITDA is defined as net income from continuing operations before income taxes, other expenses, depreciation and amortization, and including adjustments as described above. We use Adjusted EBITDA to measure our performance from period to period both at the consolidated level as well as within our operating segments and to compare our results to those of our competitors. We believe that the inclusion of Adjusted EBITDA provides useful supplementary information to and facilitates analysis by investors in evaluating the Company's performance and trends. The presentation of Adjusted EBITDA is not meant to be considered in isolation or as an alternative to net earnings as an indicator of our performance.

Free Cash Flow to Equity: To supplement our statement of cash flows, we use a non-GAAP measure of cash flow to analyze cash flows generated from operations. Free cash flow to equity is defined as operating cash flow less cash used by investing activities (excluding the impact of cash paid in acquisitions), less required payments of debt, and excluding the impact of discontinued operations. Management believes that this measure of cash flow is meaningful since it represents the amount of money available from continuing operations for the Company's discretionary spending after funding all required obligations including scheduled debt payments. The presentation of non-GAAP free cash flow to equity is not meant to be considered in isolation or as an alternative to cash flows from operating activities as a measure of liquidity.
