Publicly Traded Shares to Receive \$9.60 per Share in Cash Pzena Management and Investment Teams to Continue to Lead Firm Pzena Reports Second Quarter 2022 Diluted EPS of \$0.15 per Share

New York, NY, July 26, 2022. Pzena Investment Management, Inc. (NYSE: PZN) ("PZN") today announced that it has entered into an agreement to become a private company through a transaction in which holders of PZN Class A common stock will receive \$9.60 per share in cash. Under the terms of the definitive agreement, PZN will merge with and into a newly formed subsidiary of its operating company, Pzena Investment Management, LLC ("PIM"), in an all-cash transaction that implies an enterprise value for PZN of approximately \$795 million. The \$9.60 per share price represents a premium of 49% to PZN's closing stock price on July 26, 2022, and a premium of approximately 46% over the 90-calendar day volume weighted average price. PZN plans to maintain its regular quarterly dividend of \$0.03 per share for the third quarter of 2022, which the Board declared earlier today.

The Board of Directors of PZN formed a special committee consisting of the independent and disinterested directors of PZN (the "Special Committee") to evaluate and negotiate the definitive agreement. Following a robust negotiation process, the Special Committee concluded unanimously that the proposed transaction is in the best interests of the holders of PZN's Class A common stock. Acting upon the Special Committee's recommendation, the Board of Directors of PZN approved the transaction.

Upon completion of the transaction, Pzena Investment Management will be a privately-held company owned by the existing partners of PIM. All of Pzena Investment Management's leadership and investment professionals are anticipated to remain in place and will retain substantially all of their equity interest in the business.

"We are excited to begin this new chapter for our firm after 15 years as a public company" said CEO Richard Pzena. "I would like to thank the Special Committee for its work in reaching this agreement. We believe the transaction is in the best interest of Pzena's Class A stockholders, and will enhance our ability to achieve investment excellence on behalf of our clients."

The transaction is expected to close in the fourth quarter of 2022, subject to approval by PZN stockholders, including a special approval of holders of a majority of the Class A shares not held by persons who will remain as investors in PIM following the closing, receipt of applicable regulatory approvals, and other customary closing conditions.

In connection with the proposed transaction, PZN entered into a voting agreement with certain members of PZN's management team, as a result of which all outstanding shares of Class B common stock will be voted in favor of the transaction.

Ardea Partners LP and CastleOak Securities, L.P. are acting as financial advisor, and Wachtell, Lipton, Rosen & Katz is acting as legal advisor, to the Special Committee.

J.P. Morgan Securities LLC is acting as exclusive financial advisor, and Milbank LLP is acting as legal advisor, to Pzena Investment Management, LLC.

Revenue was approximately \$48.7 million for the second quarter of 2022, a decrease of 7.7% from \$52.8 million for the first quarter of 2022 and a decrease of 4.3% from \$50.9 million for the second quarter of 2021.

There were \$0.7 million of performance fees recognized during the second quarter of 2022, compared to \$0.5 million of performance fees recognized during the first quarter of 2022 and less than \$0.1 million of performance fees recognized during the second quarter of 2021.

Average assets under management for the second quarter of 2022 were \$49.5 billion, decreasing 6.8% from \$53.1 billion for the first quarter of 2022, and decreasing 3.9% from \$51.5 billion for the second quarter of 2021. The decrease from the first quarter of 2022 and the second quarter of 2021 reflects market depreciation and net outflows.

The weighted average fee rate was 0.393% for the second quarter of 2022, decreasing from 0.397% for the first quarter of 2022, and from 0.395% for the second quarter of 2021.

The weighted average fee rate for separately managed accounts was 0.523% for the second quarter of 2022, decreasing from 0.532% for the first quarter of 2022 and from 0.533% for the second quarter of 2021. The decrease from the first quarter of 2021 primarily reflects the calculation methodology for certain of our separately managed accounts which are based on the value of AUM at a specific date during the quarter. The decrease from the second quarter of 2021 primarily reflects a shift in assets to certain strategies that typically carry lower fee rates.

The weighted average fee rate for sub-advised accounts was 0.286% for the second quarter of 2022, increasing from 0.285% for the first quarter of 2022, and from 0.270% for the second quarter of 2021. The increase from the first quarter of 2022 and the second quarter of 2021 reflects an increase in performance fees recognized during the second quarter of 2022. Certain accounts related to one retail client relationship have fulcrum fee arrangements. These fee arrangements require a reduction in the base fee or allow for a performance fee if the relevant investment strategy underperforms or outperforms, respectively, the agreed-upon benchmark over the contract's measurement period, which extends to three years. During the second quarter of 2022 and the first quarter of 2022, the Company recognized \$0.7 million and \$0.5 million of performance fees, respectively, related to this client relationship. During the second quarter of 2021, the Company recognized a \$1.0 million reduction in base fees related to this client relationship. To the extent the three-year performance record of this account fluctuates relative to its relevant benchmark, the amount of base fees recognized may vary.

The weighted average fee rate for Pzena funds was 0.672% for the second quarter of 2022, decreasing from 0.695% for the first quarter of 2022, and from 0.681% for the second quarter of 2021. The decrease from the first quarter of 2022 primarily reflects an increase in assets to certain strategies that typically carry lower fee rates. The decrease from the second quarter of 2021 primarily reflects an increase in expense reimbursements.

Total operating expenses were \$24.1 million for the second quarter of 2022, decreasing from \$26.1 million for the first quarter of 2022, and increasing from \$23.0 million for the second quarter of 2021. The decrease in compensation and benefits expense from the first quarter of 2022 primarily reflects expenses recognized in the first quarter associated with tax payments and the Company's employee profit sharing and savings plan, which generally do not recur during the year. The increase in general and administrative expenses from the first quarter of 2022 primarily reflects an increase in occupancy costs and travel and entertainment expense. The decrease in compensation and benefits expense from the second quarter of 2021 reflects a decrease in compensation and the market performance of strategies tied to the Company's deferred compensation obligation. The increase in general and administrative expenses in compensation and the market performance of strategies tied to the Company's deferred compensation obligation. The increase in general and administrative expenses in general and administrative expenses in company costs for the second quarter of 2022 is due to the extension and expansion of the Company's New York office lease.
