

TheRealReal

Meet the TRR Sustainability Calculator

Our first-of-its-kind TRR Sustainability Calculator measures the positive impact of resale on the planet

By shopping and selling with The RealReal, our members have helped to save:

2.8 Billion Liters of Water

That's equivalent to 12 Billion 8 oz glasses of water

52,767 Metric Tons of Carbon

That's about the same amount that 8.8 million trees absorb in one year*

*Since inception through March 31, 2022

Reduce Your Fashion Footprint

Maximize your impact by shopping and selling pieces made from fashion's most polluting materials
