### **Other Reports That Might Be of Your Interest:**

- [United Kingdom Mattress Market Report](#) - The United Kingdom mattress market generated a revenue of USD 35 billion in the current year and is expected to register a more than CAGR of 1.5% for the forecast period.
- [Saudi Arabia Mattress Market Report](#) - The Saudi Arabia mattress market size is expected to grow from USD 1.08 billion in 2023 to USD 1.62 billion by 2028 at a CAGR of 8.45% during the forecast period (2023-2028).

### **Key Highlights from the US Mattress Market Report:**

#### ***Soaring Demand for the Memory Foam Mattress***

- The memory foam mattress segment is steering the mattress market in the United States. They are witnessing the fastest sales growth due to mounting awareness about health and the correct body posture while sleeping. They also help reduce allergies and are beneficial for side sleepers.
- The memory foam mattress is expected to witness stable growth during the forecast period because of its benefits, like proper spine alignment, pressure point relief, and resistance to dust mites and allergens.

#### ***Increasing Disposable Income in the US is Leading the Market***

- The disposable income of the people in the country has been increasing y-o-y. With cumulative personal disposable income, consumers tend to buy more home furnishing goods, including mattresses. This is also expected to drive the profits of mattress specialty stores in the market.
- Online channel distributors are also gaining from this and coming up with new ideas to make mattresses fit in a box so that they can be easily delivered to consumers.

### **What are the Latest Developments in the US Mattress Market?**

- In September 2022, Saatva launched a dorm-friendly pillow, bedding, and mattress topper bundle. The new bundle is specifically crafted for students and upgrades their sleep comfort at home or off-campus.
- In August 2022, Saatva launched the Memory Foam Hybrid, an ultra-breathable, state-of-the-art memory foam innerspring hybrid mattress. It is an elevated take on memory foam that provides balanced, responsive support for a more comfortable sleep.
