

**October 3, 2024**

## **APEGA's Rock & Fossil Clinic to welcome hundreds of families to the University of Alberta this Saturday**

**Edmonton** – The Association of Professional Engineers and Geoscientists of Alberta (APEGA) is inviting media to attend the 31<sup>st</sup> annual Rock & Fossil Clinic at the University of Alberta on **Saturday, October 5<sup>th</sup>**.

Hundreds of families have registered to take part in hands-on learning experiences in geoscience, including exploring interactive exhibits, bringing in their own rock and fossil finds for identification by professional geoscientists, and touring the geoscience garden.

Check out [our Rock & Fossil page](#) for more detailed session information.

**When:** Saturday, October 5, 2024  
10:00 a.m. to 4:00 p.m.  
**Note:** Activities will be occurring throughout the day, and we anticipate 11:00 a.m. to 2:00 p.m. as the best window for media interviews and opportunities.

**Where:** Earth Sciences Building (**ESB**) and  
Centennial Centre for Interdisciplinary Science (**CCIS**)  
The University of Alberta  
11335 Saskatchewan Dr. NW  
Edmonton, Alberta

**Note:** *Media, please check in at the APEGA registration table located in the first-floor hallway of the Earth Sciences Building.*
