

PRESS RELEASE

Presentation of New Data for MDxHealth's Prostate Cancer Diagnostic Tests at AUA 2019 Annual Meeting

Moderated posters feature clinical validations of SelectMDx and ConfirmMDx

IRVINE, CA, and HERSTAL, BELGIUM - MAY 3, 2019 - MDxHealth SA (Euronext: MDXH.BR), a commercial-stage innovative molecular diagnostics company, today announced that positive data demonstrating the clinical value of ConfirmMDx and SelectMDx for prostate cancer will be presented in two moderated posters at the 2019 American Urological Association (AUA) Annual Meeting, May 1-6 in Chicago.

Data highlights

- Clinical utility study demonstrates that ConfirmMDx had a significant positive impact on repeat prostate biopsy decision-making in a US community urology practice setting.
- In a 1,955-patient clinical validation study, SelectMDx demonstrated a high sensitivity and negative predictive value for the detection of clinically significant prostate cancer.

Details are as follows:

Poster: MP24-02: Clinical Utility of ConfirmMDx For Prostate Cancer in a Community Urology Practice

Date: Saturday, May 4, 2019

Time: 07:00 - 09:00 CDT

The abstract and authors are available to view [here](#).

Poster: MP24-04: A 2-Gene MRNA Urine Test For Detection of High-Grade Prostate Cancer Prior to Initial Prostate Biopsy

Date: Saturday, May 4, 2019

Time: 07:00 - 09:00 CDT

The abstract and authors are available to view [here](#).

The AUA annual meeting takes place at the McCormick Place convention center in Chicago, and more information is available on the meeting [website](#).
