## Creating a Benelux telecoms champion

VodafoneZiggo is a leading Dutch provider of fixed, mobile, and integrated communication and entertainment services. Through the brands Vodafone, Ziggo, and hollandsnieuwe, VodafoneZiggo connects nearly 10 million consumers and businesses in The Netherlands, by serving 5.3 million mobile customers and 3 million internet subscribers. Guided by its purpose - connecting people to what matters most - VodafoneZiggo focuses on making technology accessible with a human touch. With a workforce of over 6,500, VodafoneZiggo continually invests in its vital digital infrastructure to offer reliable Gigabit speeds, drive innovation with 5G and AI, and strengthen the Dutch digital economy. Next to this, its commitment to digital inclusion ensures everyone can benefit from the opportunities of a connected society.

Telenet group is a leading provider of connectivity and entertainment services in Belgium. With over 30 years of experience, the company serves 2.7 million mobile customers, 1.9 million fixed-line customers, and 1.5 million TV subscribers. Through its strong local brands — Telenet, BASE and Telenet Business — Telenet group delivers high-speed connectivity, digital solutions and premium entertainment to residential and business customers. The company has evolved from a network-driven challenger into a customer-focused, multi-brand player, with a strong track record of innovation in telecom and media. With approximately 3,400 employees and solid operational and financial performance, Telenet group combines a robust infrastructure with a clear focus on growth, superior customer experience and disciplined execution, staying one step ahead in a digital world.
