Bardavon Health Innovations Welcomes FYZICAL Therapy & Balance Centers —Chicago, to the Premier Partner Program

OVERLAND PARK, KS — Bardavon Health Innovations, LLC is excited to announce that FYZICAL® Therapy & Balance Centers—Chicago, has joined Bardavon's Premier Partner program. Bardavon and FYZICAL—Chicago, share a common goal to leverage technology, analytics, and clinical best practices that enables and quantifies the best possible outcomes for Workers' Compensation patients.

The Premier Partner program affords Bardavon Providers access to a wide array of benefits. First and foremost is the ability for Providers to leverage Bardavon's clinical guidance system, bNOTES®, for documentation of all their Workers' Compensation claims. bNOTES provides Premier Partners fast, consistent electronic claims processing, while lowering administrative costs. This program further strengthens Bardavon's relationship with our national Provider Network and allows Bardavon and Premier Partners to realize our mission to deliver quality healthcare outcomes, as opposed to simply focusing on utilization and cost containment.

"We are committed to treating all our Workers' Compensation patients using bNOTES documentation. We believe the consistency in documentation that provides our customers the information they need, along with the analytics of our performance, is a game changer for our business," said David Dowdy, VP Operations at FYZICAL Therapy & Balance Center—Chicago. "We see Bardavon as a true partner with us, bringing administrative support, data and analytics, and co-branded marketing tools to the table. It's a win-win-win."

As a Premier Partner, FYZICAL—Chicago, is empowered to pair their expert clinicians with Bardavon's best practices clinical guidance system to achieve quality functional outcomes for all their Workers' Compensation patients.

"We commend FYZICAL Therapy & Balance Center—Chicago, for taking this step with us as we transform the Workers' Compensation industry. We know the Premier Partner program will benefit FYZICAL's bottom line, and it allows Bardavon and our Partners to realize the dream of bringing transparency to all stakeholders within a complex and convoluted industry," said Matt Condon, Bardavon CEO. "But ultimately, it is America's Workers' Compensation patients who benefit most. We invite all Bardavon Provider Partners to join the movement and go Premier."
