

Retort Packaging Market Revenues to Reach USD 7.17 Billion by 2028 - Market Size, Share, Forecasts, & Trends Analysis Report by Mordor Intelligence

According to a new market research report titled "[Retort Packaging Market Report \(2023-2028\)](#)," the market is estimated at USD 5.08 billion in 2023. It is expected to register a CAGR of 7.12% during the forecast period.

Retort packaging involves filling food into metal cans or pouches, which are sealed and heated to high temperatures, making the product commercially sterile. Retort packaging processes are used when a non-sterile product is filled inside a sealed, non-sterile package.

Report Summary:

Report Attribute	Details
Market Size (2023)	USD 5.08 billion
Market Size (2028)	USD 7.17 billion
CAGR (2023-2028)	7.12%
Study Period	2018-2028
Fastest Growing Market	Asia-Pacific
Largest Market	North America
Forecast Units	Value (USD billion)
Report Scope	Market Dynamics, Revenue Forecast and Segmentation, Competitive Landscape and Recent Developments, Market Growth, Future Opportunities, and Trends
Key Market Drivers	The growing demand for ready-to-eat meals.
	Increasing preservation benefits of retort packaging.

Who are the Top Companies in the Retort Packaging Market?

The retort packaging market is highly competitive. It includes major players who are developing innovative and sustainable packaging. Several players are expanding their market presence by securing new contracts and tapping new markets.

Significant players in the retort packaging market are,

- Amcor PLC
- Constantia Flexibles
- Clifton Packaging Group Limited
- Clondalkin Industries BV
- Coveris Holdings SA
- Flair Flexible Packaging Corporation

- Mondi PLC
- Tetra Pak International SA
- Proampac LLC
- Sonoco Product Company
- Winpak Ltd
- Sealed Air Corporation

Key Highlights from the Retort Packaging Market Report:

Demand for Beverages to Witness Prominent Growth

- The demand for retort packaging in the beverage sector is increasing due to the low production and shipment costs and ease of handling.
- Beverages are packed in lightweight material and are available in improved designs, thereby attracting consumers toward fruit drinks, fiber supplements, and cold-pressed juices.

North America to Hold Solid Market Share

- In North America, the growing urban population, busy lifestyles, and increasing consumer spending power are boosting the demand for readymade food, which is generally packed in stand-up retort pouches.
- In Canada, the increasing adoption of flexible packaging methods in various industries like retail, food and beverage, and pet food is driving the use of retort pouches.

What are the Latest Developments in the Retort Packaging Market?

- In April 2023, Huhtamaki launched three sustainable mono-material flexible packaging solutions. These are recyclable and are made using fewer materials.
- In June 2022, Toyo Ink Group enhanced its laminating adhesive offering using food-safe components containing no epoxy silanes and organic tin compounds.
