

# Sonoco Acquisition of Conitex Sonoco

## Tubes, Cores and Cones

### Operations:

13 global manufacturing locations in 10 countries • 1,250 employees worldwide

### Packaging Focus:

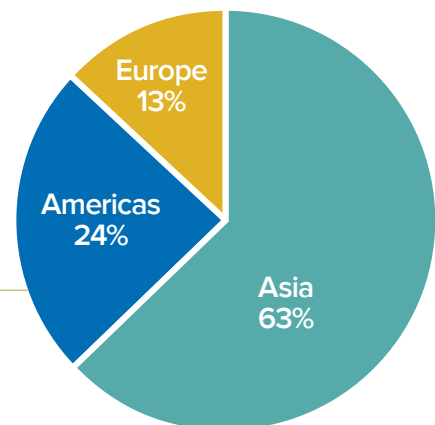

Markets include paper, converting, flexible intermediate bulk containers, adhesives and corrugated pallets

### Acquisition Highlights:

- **Further expands** Sonoco's global industrial presence in Asia
- **Adds in-house capabilities** in the production of textile carriers for the spun yarn industry, offering full packaging and handling solutions for spinning mills around the world
- **Continues Sonoco's growth** in industrial businesses and leverages the Company's current business portfolio in tubes and cores

#### 2017 Conitex Sales

\$245 million

### Company Overview:

- 1998 joint venture between Texpack and Sonoco
- Market leader in production of textile carriers for spun yarn industry
- 300,000+ tons of paper produced annually
- 1.4 billion tubes and cores produced annually
