

# 2nd QUARTER 2024

### **SUPPLEMENTAL INFORMATION**

Retail Opportunity Investments Corp. 11250 El Camino Real, Suite 200 San Diego, CA 92130

www.roireit.net

### **Overview**

#### **Our Company**

Retail Opportunity Investments Corp. (Nasdaq: ROIC), is a fully integrated, self-managed real estate investment trust (REIT) that specializes in the acquisition, ownership and management of grocery-anchored shopping centers located in densely populated, metropolitan markets across the West Coast. As of June 30, 2024, ROIC owned 95 shopping centers encompassing approximately 10.7 million square feet. ROIC is the largest publicly-traded, grocery-anchored shopping center REIT focused exclusively on the West Coast. ROIC is a member of the S&P SmallCap 600 Index and has investment-grade corporate debt ratings from Moody's Investor Services, S&P Global Ratings and Fitch Ratings, Inc. Additional information is available at www.roireit.net.

#### **Supplemental Information**

The enclosed information should be read in conjunction with ROIC's filings with the Securities and Exchange Commission, including but not limited to, its Form 10-Qs filed quarterly and Form 10-Ks filed annually. Additionally, the enclosed information does not purport to disclose all items under generally accepted accounting principles ("GAAP").

#### **Non-GAAP Disclosures**

Funds from operations ("FFO"), is a widely-recognized non-GAAP financial measure for REITs that the Company believes when considered with financial statements presented in accordance with GAAP, provides additional and useful means to assess its financial performance. FFO is frequently used by securities analysts, investors and other interested parties to evaluate the performance of REITs, most of which present FFO along with net income as calculated in accordance with GAAP. The Company computes FFO in accordance with the "White Paper" on FFO published by the National Association of Real Estate Investment Trusts ("NAREIT"), which defines FFO as net income attributable to common stockholders (determined in accordance with GAAP) excluding gains or losses from debt restructuring, sales of depreciable property and impairments, plus real estate related depreciation and amortization, and after adjustments for partnerships and unconsolidated joint ventures.

The Company uses cash net operating income ("NOI") internally to evaluate and compare the operating performance of the Company's properties. The Company believes cash NOI provides useful information to investors regarding the Company's financial condition and results of operations because it reflects only those income and expense items that are incurred at the property level, and when compared across periods, can be used to determine trends in earnings of the Company's properties as this measure is not affected by the non-cash revenue and expense recognition items, the cost of the Company's funding, the impact of depreciation and amortization expenses, gains or losses from the acquisition and sale of operating real estate assets, general and administrative expenses or other gains and losses that relate to the Company's ownership of properties. The Company believes the exclusion of these items from operating income is useful because the resulting measure captures the actual revenue generated and actual expenses incurred in operating the Company's properties as well as trends in occupancy rates, rental rates and operating costs. Cash NOI is a measure of the operating performance of the Company's properties but does not measure the Company's performance as a whole and is therefore not a substitute for net income or operating income as computed in accordance with GAAP. The Company defines cash NOI as operating revenues (rental revenue and other income), less property and related expenses (property operating expenses and property taxes), adjusted for non-cash revenue and operating expense items such as straight-line rent and amortization of lease intangibles, debt-related expenses and other adjustments. Cash NOI also excludes general and administrative expenses, depreciation and amortization, acquisition transaction costs, other expense, interest expense, gains and losses from property acquisitions and dispositions and extraordinary items. Other REITs may use different methodologies for calculating cash NOI, and acc

#### **Footnotes**

- 1. Weighted Average (WA) excludes interest rate swap maturity dates.
- 2. Does not include extension options available to ROIC.
- 3. Net unamortized deferred financing charges for the Term Loan, Senior Notes and Mortgages.
- 4. Calculated in accordance with GAAP pursuant to underlying bond indentures.
- 5. ABR is equal to annualized base rent on a cash basis for all leases in-place at period end.
- 6. Same centers are those shopping centers which were owned for the entirety of the current and comparable prior year period, except for one shopping center that is currently planned for redevelopment and is no longer being managed as a retail asset.
- 7. Includes anchor lease termination fees net of contractual amounts, if any, expense and recovery adjustments related to prior periods and other miscellaneous adjustments.
- 8. Anchor tenants are leases equal to or greater than 15,000 square feet.
- 9. Does not assume exercise of renewal options.
- 10. Initial Base Rent is on a cash basis and is the initial contractual monthly rent, annualized.
- 11. Comparative GLA includes spaces that were vacant for less than 12 months, excludes spaces that were not leased at the time of acquisition.
- 12. Prior Base Rent is on a cash basis and is the final monthly rent paid, annualized, for the prior tenant or the prior lease that was renewed.
