

TSSA SAFETY AWARDS

“ It’s very rewarding...it makes me feel that I’m doing what I set out to do - to save lives, in the memory of my niece and family. ”

John Gignac,
Hawkins-Gignac Foundation, 2015

The Technical Standards and Safety Authority (TSSA) is Ontario’s public safety regulator mandated by the Government of Ontario to enhance and enforce public safety. From safety inspections, engineering reviews and technical training to public education and outreach, TSSA is putting public safety first. Our vision is to be a valued advocate and recognized authority in public safety.

Putting Public Safety First

TSSA SAFETY AWARDS PROGRAM

The Technical Standards and Safety Authority (TSSA) believes that making Ontario a safe place to work, live and play is a shared responsibility.

That's why we created the annual TSSA Safety Awards Program to acknowledge individuals and organizations who work in our regulated sectors and have made significant contributions to public safety in Ontario.

TSSA's regulated sectors:

- Boilers and Pressure Vessels
- Elevating and Amusement Devices
- Fuels
- Operating Engineers
- Ski Lifts

Recipients will be presented with their awards at our annual general meeting.

Submit a Nomination:

Do you know someone (individual or organization, including yourself) who should be recognized for their efforts to keep Ontarians safe?

We want to hear from you! Simply visit us at www.tssa.org/safetyawards. Complete the nomination form and send to us at safetyawards@tssa.org or by mail at:

Award Categories:

The TSSA Safety Awards Program has two award categories that recognize acts and initiatives that enhance public safety for Ontarians.

Impact Awards:

- Highlight significant contributions to safety in Ontario that go above and beyond regulatory compliance.

Legacy Awards:

- Recognize impact over time for persons or organizations that have demonstrated a history of safety conscientiousness.

TESTIMONY FROM TSSA SAFETY AWARD WINNERS

“ For CSIA Ontario to be recognized by the TSSA is a real honour...it really validates what we are doing out on the hill – teaching riding safety, respecting machinery, but also enjoying their skiing experience. ”

Miranda Sorensen,
CSIA, 2016

“ This is a huge recognition that I was nominated and recognized for safety in this trade – something about which I'm very passionate – and I'm proud of this accomplishment. ”

Joel Prouty,
First Class Power Engineer,
Shell Canada, 2018

“ It's hard to put into words how honoured we are; it's such an incredible achievement. It proves our CO program is effective and it's saving lives in our community. That's really the big win. ”

Amanda Nichols,
Peterborough Fire
Services, 2017
